

# MISSIONARY QUESTIONNAIRE

Disclaimer: This is an example, feel free to edit according to your Churches policy, theology, and needs.

Dear Missionaries, Thank you so much for your continued partnership during these years. We want to inform you that our missions committee has been thinking a lot about the best way to serve the Church and the Great Commission for many more years. We have spent many hours this year formalizing a mission's policy and want to align our practices accordingly. It is our conviction that we need to accomplish several objectives over the next couple of years in order to align better with Jesus' commands and also our goal as a Church. Our overall goal is to have missionaries that better align theologically, to give more to those who align, and to partner more than just give. We also want to understand the financial situation of your ministry and make sure you have a network of Churches to hold you accountable and give you encouragement. That being said, we ask that you fill out the questionnaire to help us understand how we can better accomplish missions as a Church.
